Holidays at the T.W. Patterson Building

If you've entered the T.W. Patterson Building from Tulare Street this December, you've taken in the view of our beautifully decorated 14-foot-tall Christmas tree. Each year, our staff decorates a freshly cut Douglas Fir filling our building's entryway with the familiar scents and lovely sights of Christmastime.

And if you've entered our building through the Fulton Street entrance, you may have noticed something different about the mezzanine stairs. The flowing staircase which leads to the entryway of our mezzanine now has sophisticated black carpeting, and we are thrilled with the result.
